MEMORANDUM

SUBJECT: RCRA Facility Investigation

FROM: Susan Oberdick Myers

TO: Armco Midwestern Steel Division, <sup>file</sup> EPA I.D. No. MOD007118029

Information contained in the Superfund notification form documents that landfill operations took place prior to RCRA, thus confirming that there has been a release of hazardous waste and/or hazardous constituents to the soil and possibly to the ground water at this facility. Based upon available information it is likely that the facility will be required to conduct a RCRA Facility Investigation (RFI), or equivalent, to determine the rate and extent of the release.
